

CANDIDATE BIOGRAPHY & FACTS

Sharmina Nasrin

City Council Candidate, Ward 20 Scarborough Southwest

Sharmina Nasrin is a Bangladeshi Canadian immigrant, mother, former public servant and policy professional. She has lived, worked and raised her family in Scarborough Southwest for nearly a decade.

Her years inside government gave her a working knowledge of how City Hall operates: how decisions get made, how budgets move, and how communities like Ward 20 are too often overlooked. Her lived experience as a newcomer and a mother keeps her grounded in the everyday pressures residents face, from rising rents to unreliable buses.

Sharmina launched her campaign in June 2026 with a platform built on four priorities: protecting tenants, safer streets and better transit, cleaner neighbourhoods, and more opportunities for families and youth. Her campaign slogan: Because Scarborough Matters.
